Subject: Public Comment: Item #8C: Update on GoMentum Station Operations - Authority Board Meeting - April 16, 2025
Date: Tuesday, April 15, 2025 4:51:19 PM

Dear Authority Board Members:

These comments pertain to Item #8C: Update on GoMentum Station Operations of your April 16, 2025, meeting. After reviewing the attachments for this item available before the meeting, they appear similar to the GoMentum Station Item presented at the April 3, 2025, Administration and Projects Committee (APC) Meeting, where the Executive Director provided an overview of the GoMentum Station's finances. Specifically, a 2024 Final (nine-month actual) loss or deficit of \$483,162 was shared, and for the 2025 forecast, utilization of only sixty-five percent was used.

At approximately 2:00:45 of the April 3, 2025, APC meeting stream, a committee member BOASTS about GoMentum's business model or legal structure (with Next Generation Mobility) and how it was constructed to avoid financial disclosure if a formal public records request is made. It is not difficult to expect that, given the losses expected by the GoMentum Station's first year of operation under CCTA, as shown by the Executive Director, this BOASTING should concern all Contra Costa County taxpayer residents and visitors.

Please also review my other public comments for the April 16, 2026, Authority Board Meeting regarding Advisory Committee Appointments, Regional Coordination, Transparency, Public Engagement, and Electronic Record Maintenance. These two comment emails are very much connected.

These comments must be visible, easily found, and accessible (limiting the number of "clicks" to access) to all interested parties and the public in perpetuity in HTML (link integrity and functionality must be judiciously maintained, kept current, and/or updated, as needed) and PDF format.

Sincerely,

Brian Swanson, AICP
San Ramon, California

If CCTA administrative staff will try to redact my email address before posting these comments publicly, please make sure the effort is complete. A complete effort usually means not only "blacking out my email in the address header" but also just below, where CCTA's email system notes it does not often receive messages from my email address (just above the "[External Email]" warning).
