
Planning Committee **STAFF REPORT**

Meeting Date: June 01, 2023

Subject	State Route 4 Corridor Vision Study
Summary of Issues	Staff and consultant will provide a presentation on the State Route 4 (SR 4) Corridor Vision Study (Study), which will examine the transportation infrastructure along SR 4 extending from Interstate 80 (I-80) in the City of Hercules to the San Joaquin County line. The objective of the Study is to examine the transportation infrastructure along the corridor, encompassing SR 4, transit (rail and bus), freight (trucking, rail, and ports), arterials, and active transportation, to define and prioritize future infrastructure investments along the SR 4 corridor within Contra Costa County.
Recommendations	A presentation will be provided by John Hoang, Director, Planning, and Sasha Dansky, Principal/Vice President from Mark Thomas & Company. This is an informational item only; no staff recommendation at this time.
Staff Contact	John Hoang
Financial Implications	The total project cost is \$547,100 funded by \$300,000 in funding from the Measure J Strategic Plan Project 28007 and \$247,100 of Measure J 18a - Growth Management funds.
Options	None
Attachments	A. Presentation
Changes from Committee	<i>None</i>

Background

The Study will examine the transportation infrastructure along SR 4 extending from I-80 in the City of Hercules to the San Joaquin County line. The objective of the Study is to examine the transportation infrastructure along the corridor, encompassing SR 4, transit (rail and bus), freight (trucking, rail, and ports), arterials, and active transportation, to define and prioritize future infrastructure investments along the SR 4 corridor within Contra Costa County. The Study will result in a Comprehensive Multimodal Corridor Plan for the SR 4 Corridor.

A presentation will be provided by John Hoang, Director, Planning, and Sasha Dansky, Principal/Vice President from Mark Thomas & Company. This is an informational item only; no staff recommendation at this time.
